FROM THE QUARTERDECK

La Maga is done for the season and I need to think about getting her hauled for winter work, mehitabel is slowly getting put back together after a hard year, and the 2007 sailing season is a distant promise. Right?

Well, maybe as to the need to get to work on the boats, but certainly not as to next year's sailing.

The 2007 season is off and running, in meetings, word processors, and spreadsheet programs. Notices of Race for the 2007 Flying Scot North American Championships and 2007 Leukemia Cup Regatta are already being finalized. The contours of the Offshore, One Design, and team racing schedules are being sharpened in meetings of the sailing events committee. A summer of junior sailing activities is taking shape on spreadsheets, and a year's worth of cruising ideas is being sifted. The schedule is not finalized yet, so there is time to get involved. Come to a scheduling meeting, or call a committee member, and share your ideas.

Mindful of our mission to promote "the development of the art and science of sailing, the acquisition of knowledge of the theory and practice of seamanship. .", a slate of educational programs is also on the drawing boards for 2007 and in varying stages of finalization. FBYC will host a US Sailing course on Basic Race Management in February taught by John McCarthy, and a full day program on Safety and Seamanship for Coastal and Bay Sailors, to be given in early April, is taking final shape. Classes and workshops in race management, protests, and team racing are in the planning stages, and by the time the dust settles on the final schedule, I wouldn't be surprised to see others.

The enthusiasm and energy is not confined to planning sailing events and training programs. On a sunny late November afternoon your 2006 and 2007 officers charged with looking after our physical facilities were swarming over the club grounds, taking note of what has been accomplished in 2006 and what will need attention in 2007 to maintain and improve the facilities that make our sailing activities possible. The first project of the 2007 year – squaring and leveling our sign at the newly fenced entrance – was attacked and successfully dispatched on the spot.

At the end of the 2006 club year, the Board voted to approve some changes to our membership and dues structure. This necessitated some changes to the Bylaws which you will see in the Minutes in this issue. This was the culmination of a year of looking at the club and our future that included the Membership Survey and completion and publication of the Long Range Plan, and the work of a committee appointed by the Commodore to review our membership classifications and dues structure. (continued on page 4)

2006 Annual Dinner
(see page 6)

Board Meeting Highlights November

Meeting called to order at 6:10 p.m. by Commodore Lud Kimbrough. Lud welcomed the 2007 Board members present and those in attendance introduced themselves and stated their Board position for next year.

REAR COMMODORE – RICHARD A. BAUER, JR.

SECRETARY and FINANCE – These reports were delayed until after Old Business.

LOG STREAMER – Vic DeNunzio has turned the publication of the Log over to Jim Morrison, the new Log Streamer. Vic has obtained quotes on printing the Log in color and will put some numbers together for comparison.

HOUSE – Wes Jones and Dixon Cole have winterized the water system. Wes is going to set up a key control system. Everyone going off the Board who has a key must return the key to Wes. When he issues a key to a new holder, that person will have to sign a key issuance form stating that they understand the key is the property of FBYC and that it must be returned when they no longer hold the office for which it was issued.

DOCKS – Mayo Tabb and Dixon installed air chucks in the dock water lines so that they could use compressed air to blow out the lines. Mayo recently attended a PHRF Delegates meeting. The fleet splits voted for in Region 4–Southern Bay are the same splits as 2006. The region delegates must approve any changes before February 15, 2007, when the splits become final. Mike Dale will serve as vice-president for Region 4 in 2007.

GROUNDS – Clean Up Day is scheduled for the morning of December 2.

WEBMASTER – After working for many months to establish a web-based system of keeping track of volunteer preferences and activity, Strother Scott presented a draft form of the list of volunteer jobs. The Board approved a motion to send this form to the membership with their 2007

invoices in order to obtain their volunteer preferences. This will update prior preference choices.

VICE COMMODORE – ALLAN M. HEYWARD, JR.

OFFSHORE DIVISION – The offshore data has been sent to CBYRA for high point and has also been posted on the web site.

CRUISING DIVISION – George Burke held a meeting at his home to discuss the membership survey results as they pertain to cruising events.

JUNIOR DIVISION – Eric Powers continues his search for another coach for next year. Housing for the coaches must also be arranged.

CBYRA DELEGATE – Tom Roberts announced that the first sailing events scheduling meeting for next season will be held on November 16 in the upstairs Community Room at Ukrops in the Village Shopping Center.

OLD BUSINESS – At the October Board meeting, Allan Heyward delivered the report of the Membership Issues Committee appointed by the Commodore to study the existing membership structure and dues and fees of the existing membership classes in light of current membership demographics, FBYC's Long Range Plan and the results of the 2006 Membership Survey. Allan presented recommendations for changes in several areas and was instructed to prepare the Bylaws changes and a Resolution setting forth the changes to be made. Allan presented the Resolution to the Board, which was discussed and approved. The committee determined that young adult sailors are disproportionately underrepresented in the membership and concluded that a realignment of dues classes would assist the club in efforts to address this issue. Under the resolution adopted by the Board, dues for all members under 36 years of age and their families are reduced (the extent of reduction based on which of the age groups they fall into), deferred payment of initiation fees for

persons joining before the age of 36 is scaled to provide an additional incentive to apply at earlier ages, and children of Family members are provided a substantial incentive to join as adults immediately after they cease to qualify as part of a Family membership. In addition, initiation fees are discounted for former members who wish to re-join the club. The changes made by adoption of the Resolution include amendments to the dues schedule and the following amendments to the Bylaws:

1. Section 2 of the Bylaws entitled "Membership" is deleted in its entirety and replaced with the following:

The Classes of membership shall be:

- **Family:** Elected married adults where the primary member is 22 or older and their unmarried children (if any) under age 22 as of January 1, or an elected single adult and his or her unmarried children under age 22 as of January 1. A child who is part of a Family membership who is, as of January 1st of the year following his or her 22nd birthday or marriage, an active member of the armed services, or a full time undergraduate student, shall continue to be a part of the Family membership until such time as he or she ceases to be a full time undergraduate student or is discharged from active duty. The Board may, from time to time establish Subclasses based on age and prescribe different dues and/or initiation fees for the Subclasses.
- **Single Adult:** Elected unmarried adult, with no unmarried children under the age of 22, who is age 22 or older as of January 1. The Board may from time to time establish Subclasses based on age and prescribe dif-

ferent dues and/or initiation fees for the Subclasses.

- **Unattached Junior:** Elected unattached member who is under age 22 as of January 1 and who is a relative of member or former member who resides at least 100 miles from both Richmond and Deltavill, Virginia.
- **Ancient Mariner:** Elected member, age 70 or older, who has been a member of the Club for at least 20 years as of January 1.
- **Life:** Elected member whose contributions to the Club are recognized by the Board conferring this status. Life members pay no dues, but enjoy all membership privileges.
- **Honorary:** Individuals whose contributions to the Club, even though not Club members, are recognized by the Board conferring this status. Honorary members pay no dues, but enjoy all membership privileges except that they may not hold office.

The Board shall once a year elect into Family membership (a) the members' children who attained age 10 and (b) persons who became married to elected members during the preceding calendar year.

The total number of Family and Single Adult members shall not exceed 350. For purposes of this limit, a Family membership shall be counted as one member.

2. The third full paragraph of Section 3 of the Bylaws, entitled "Club Dues and Fees" is hereby deleted, and replaced with the following:

A child elected into Family membership who is no longer eligible to be part of a Family membership by reason of age or status as of January 1 shall cease to be a member unless he or she elects to join as a Single Adult or Family member by January

31 of the year following the year in which he or she turned 22, married, ceased to be a full time undergraduate student, or was discharged from active duty in the armed services. A child formerly elected into Family membership who elects to join as a Single Adult or Family member within the time provided above shall not be required to pay an initiation fee upon joining but shall pay dues at the then current rates applicable to their age and status. Any other person who was at one time a member of the Club, who was in good standing when they ceased to be a member, and who has no outstanding unsatisfied financial obligations to the Club at the time of reapplying for membership, shall be entitled, upon rejoining, to a reduction of the initiation fee by such amount as the Board shall from time to time prescribe, and shall, in all events, pay dues at the then current rates applicable to their age and status.

POSTPONED REPORTS

FINANCE – Mason Chapman presented a report prepared by the Finance Committee that included a Cash Flow Summary for 2006 with proposed figures for 2007, the Proposed 2007 Dues Structure, the Proposed 2007 Fees Structure, the 2007 Proposed Operating Budget, Capital Expenses to be Proposed in 2007, and the Projected Land Loan Amortization. After a discussion of this report, the Board approved the proposed Operating Budget for 2007.

SECRETARY – Steve Gillispic presented Mr. & Mrs. Paul M. Dickinson, Jr. and Dr. & Mrs. James A. Selph, Jr. for final approval by vote of the Board of Trustees.

NEW BUSINESS – Noel Clinard advised that items being offered by the FBYC "Store" would also be on display for sale at the Annual Meeting/Awards Party.

Lud Kimbrough and Tom O'Connell met with a group from Christchurch School to discuss coordinating activities between FBYC and the school. During the recent tropical storm, Ernesto, their dock was demolished. The Board approved a motion that the club offer the use of our docks to the school until their new dock has been built.

Lud then thanked the 2006 Board for a great job this past year.

There being no additional business, the meeting was adjourned at 7:45 p.m.

Quarter Deck, continued

The lifeblood of any organization, and its future, depends on its ability to attract young members – both from outside the club family and from the ranks of our former juniors. We don't have very many sailors and families in the 23-35 age group. Almost none, in fact. Is it because sailors 23-35 aren't interested in our programs and fleets? Is it because they don't know about what we are doing and how to get involved? Is it because our membership and dues structure discriminates against this age group? It is impossible to know for sure, but our dues structure, and the incentives (or lack thereof) we were offering to former juniors and other

former members definitely looked out of line with a commitment to bring new blood into the club, so we made some changes to lower the financial barriers to joining for applicants in the young adult group.

The best financial deal in the world won't make any difference if we aren't doing anything 23-35 year old sailors and would-be sailors want to be part of, or if we are but they don't know about it. We've done the easy part. Now we have to begin the process of making sure, first, that this population knows what we are doing, and,

second, that we are open to new fleets, new sailing formats, and the ideas young sailors coming out of collegiate sailing programs and (re)discovering a love sailing with new families can give us. This is a process all of us can and should participate in, and one of the most important things we can be doing in 2007 for the future of our club and our sport. Spread the word.

Welcome to 2007. There's lots to do, but you have lots of talented and energetic people already working hard to make sure it's going to be a great year for sailing at FBYC.

DATE	EVENT*
4/21	Opening Day
6/18 - 6/22	Junior Week
6/24 - 6/27	Flying Scot NAC

ONE DESIGN DIV. CDR.	Thomas F. O'Connell		MEMBER AT LARGE	Lud H. Kimbrough, III	

Volunteering and the Web database

Included with the December mailing to members will be a form intended to update your preferences re Volunteering at FBYC. The membership application has long had a section where new members could indicate a preference for volunteering in one or more of about 8 areas. Some years we have asked members to update that data.

This year, the Board has approved a new system with the following features:

- Better breakdown of jobs – there are now 12 major areas and each has ~3-4 subsections – so, for example, Race Committee now has – Race Committee Staff, Drive Mr. Roberts, Loan Mark Boat. Social has – Food Staff, Cook, Bartender, and Cleanup.
- The preferences are updatable by Mary Spencer and/or each member

- on the web site.
- The system is being developed to have the capability of recording who actually serves as a volunteer at each event.
- Searchable reporting – so next year people who need volunteers can more easily match up people with jobs.

Please make sure you look for the Volunteer Preferences Form which will arrive with the bill. We ask that each adult in your family check off what jobs they would prefer to do. Mary will enter the data when you return it. Next year you will be able to update your answers on line as your interests change.

Most of the Board members have tested the system and are very pleased with it.

Thanks in advance for returning your forms. -R. Strother Scott

New Members

Final Approval:

- Mr. & Mrs. Paul M. Dickinson, Jr.;
- Dr. & Mrs. James A. Selph, Jr.

There's A New Jeanneau Dealer on the Chesapeake Bay

Norton's Yacht Sales, Inc. in Deltaville, VA on the Chesapeake Bay is proud to offer Jeanneau, America's line of premium sailboats. I would like to thank all of the Past Commodores who have participated in the **EXPLORER OAR** program you all were very generous... to those who have miss placed the notice or just haven't gotten around to it , **you can still participate**. Instead of sending your contribution to me at Deltaville , please send to:

J.G.Reid at 498 St. Albans Way, Richmond , VA. 23229.

Many thanks **Jim Reid**

I Thank you Vic DeNunzio!

I have been asked to be your 2007 Log Streamer. I share Vic's objectives when he took over the Log 2 years ago. I hope that the Log will continue to be well organized, informative and high quality publication. I look forward to working with you and the FBYC Board in 2007.

Happy Holidays!

Jim Morrison.

If You Love Your Boat, You'll Love Our Yard.

We are an *American Boat & Yacht Council* accredited boat yard. That means we're trained to provide the level of quality, knowledge and expertise your boat deserves when she comes in for repairs or maintenance. And our rates are reasonable. So you don't have to trust the love of your life to just anyone. Now you can enjoy the confidence of *ABYC* certified service at reasonable rates right here in Deltaville. If you really love her, doesn't she deserve the best. Give us a call at **804.776.8900**. Ask for Keith Ruse.
