I need to clone myself. The club is in high gear preparing to host three major events in the next few weeks. There will be major racing and major parties this month! Start with the Lightning North American Junior, Women's and Masters Championship being planned by Ron Buchannan, Debbie Cycotte and Bob Wardwell. Should be great! The Annual Regatta follows immediately after with a large cast of planners working their parts. The 61st running promises lots of boats and well run courses.

The big regatta, Stingray Point, is almost here and things are moving fast. Lots of preparations are underway. There are a few changes this year that should make it live up to it's reputation. See the information inside the Log.

The cruising division is

planning a Captains Choice in August, and the lively Onancock Cruise is around the corner. This has grown quickly to become a very popular event. Make plans now so you won't be left out!

Flush with success of Junior Week and the Leukemia Cup the membership scattered in July to race, cruise and vacation all over!. The Juniors went on the road led by Anna and Cam to meet others, test their skills and explore other sailing venues in the Bay. Cruisers went exploring north. One Design racers enjoyed the coolish summer we've had and traveled to compete at clubs near and far. Offshore racers did too, travelling to Block Island, Newport, and then recently to Solomons for Screwpile.

Come help with preparations where you can and come enjoy all this fun we're going to have!

Stingray Point Regatta Notice of Race

Two Races Saturday, One Race Sunday, Classes: PHRF A/B/C/D Spinnaker, MORC, PHRF Non-Spinnaker. If sufficient yachts are registered the classes listed above may be subdivided, one-design classes added or classes combined. Trophies given for Daily, Overalls, Brent Halsey Jr. Memorial Trophy, Potts Team Challenge Trophy, and Sportsmanship Award. Five Star Dinner by Chef Maxwell, Saturday Night Dance, Mount Gay Rum and Hats! So come join the fastest growing regatta on the Chesapeake Bay!! .BOARD MEETING July 11, 2000 -

REAR COMMODORE - DICK COLE
SECRETARY - Gordon Nelson - The last membership meeting was held on June 20. The next membership meeting is scheduled for August 1.

TREASURER - Mason Chapman - The pay telephones in the main clubhouse and east bath house will be removed and regular telephones that allow credit card, local and "800" calls will be installed in the main clubhouse and beneath the porch of Fannie's House.

DOCKS - Mike Hill - Four new dock carts have been purchased. Bumpers for the bulkhead near the lift will be installed as soon as we determines exactly where they are to go. Some dry sail members have requested that Slip #61 be kept vacant but those members will have to pay for the slip if they don't want it occupied.

MEMBER AT LARGE - Judy Buis - Judy thanked everyone for their help with the Leukemia Cup Regatta. As of the last count, the regatta raised \$78,000.

PUBLICITY - Randy Alley (reported by Mike Karn) - Race results have been appearing in the Monday Richmond Times-Dispatch. Randy will help with Stingray Point Regatta publicity.

LONG RANGE - Waddy Garrett - No report. Wayland Rennie asked if a decision has been made about who is going to do the dredging on the Jackson Creek side. He needs an estimate of the cost of the project before he can get a permit to dredge.

VICE COMDR. - STROTHER SCOTT

FLEET CAPTAIN - David Hazlehurst - Approval to hold certain events has been received from the Coast Guard. The approval letter included a number of requirements. Of particular note are the requirements that the Fleet Captain keep advised of the weather forecast and that he help prevent pollution of Virginia waters.

OFFSHORE DIV. CDR. - Stuart Burnett (reported by Strother Scott) - Five boats participated in the July 2 Level-Rating Offshore series and the second event in the series will be held on August 26. A planning session for the Stingray Point Regatta was held July 6 and initial assignments for pre-regatta (Mike Karn), onshore (Judy Buis) and race committee (David Lee) duties were made.

OFFSHORE LT. CDR. - Craig Massey - A BETA version of the scoring program is

running and working great except that they do not have all of the ratings ahead of time. Craig will get with Stuart Burnett to finalize the Leukemia Cup Regatta results and will then e-mail them to participants.

ONE DESIGN DIV. CDR. - Debbie Cy-cotte - There were 25 boats participating in the July 4th Long Distance Race, and the Summer Seabreeze Race held July 9 also had a good turnout from Front Runners, Lasers, JY-15s and Flying Scots.

OD RACE CHR. - Alain Vincey - Alain needs race committee for Indian Summer.

CRUISING LT. CDR. - Sam Stoakley - Five boats participated in the Two Week Cruise to Northern Chesapeake Bay with a sixth boat joining up in Baltimore. Plans for Onancock are being developed. The theme this year is "Atlantis-Lost City." Tickets are limited but they are holding 50 tickets for FBYC.

JUNIOR ACTIVITIES - Jan Monnier - Junior Week was a huge success and moving OptiKids out of Junior Week eliminated the need to borrow boats. There were 24 OptiKids and 104 Juniors participating this year and a total of 29 instructors in five different classes. The names of the students who requested to be put on a "crew list" to sail on one design boats were listed in the July Log. The Junior Regatta held July 1 had 18 participating boats. Dates for the mini-camps are shown on the calendar in the Log. The Junior coaches' schedules are posted at the Club.

FLEET LT. - Mark Wensell (reported by Mike Karn) - There are a few more repairs, mostly involving the lights, to be completed on *Mr. Roberts*. There continues to be a shortage of marks. Anyone with knowledge of the whereabouts of marks purchased last year for the Stingray event should contact Mark Wensell or David Hazlehurst.

CBYRA - Elizabeth Staas (reported by Strother Scott) - All offshore sanctioned races to date have been submitted to the regional scorer, and Elizabeth is in the process of getting all of the one design events submitted. Registrants of one design events are not submitting their CBYRA numbers or the scorers are not noting them on the score sheets. Sanctioned event numbers are not appearing either.

OLD BUSINESS - Strother Scott reported on the renovation project to the main clubhouse. Architect Bill Newman agreed to

As you all know by now, the 2nd Volvo Leukemia Cup Regatta was a huge success. We had 88 boats total (this includes boats from the Sail-A-Thon), fed about 600 people, and to date have raised over \$ 78,000 for The Leukemia & Lymphoma Society. Running a successful fund raising event can't be done without tremendous effort from many people. As usual, FBYC members were there to provide their support. There are a lot of people I would like to thank. First, Thanks to all the members whose businesses were major sponsors: Len & Blanche Scharf of Anagyri Cruises Ltd.; Steve Gilispie of Cadmus Printing, Publishing, & Marketing; Steve Buis of Spotts, Smith, Fain & Buis, P.C; Jack & Craig Dozier of Dozier Yachting Center who were also generous enough to spend the day on their power boat, taking out Roy Meyer and the press to do photo shoots of the racers; Jerry & Roxanne May of Deltaville Yachts; Ken & Carolyn Schmalenberger of Norton's Yacht Sales and for the second year Scott Farquharson of Trade Wind Yachts, donated a week bareboating in the Caribbean, to be auctioned off in the silent auction. Mike Pleninger for the second year donated a weekend stay in Colonial Williamsburg. Justin Nelson of Atlantic Corrugated again supplied the much-needed boxes for garbage.

I would like to thank those who spent many, many hours on the planning committee: Mike Karn, Randy Alley, Len Scharf, Rip Radcliffe, and Alain Vincey. Randy and Alain did a unbelievable job organizing the dinner and getting all the equipment and food down to Deltaville. NOT AN EASY JOB. You need to ask them about their experi-

ence!! Rip and Len should be commended, as between them they raised about 20,000 dollars. Next year when you see them coming you'll know why!!!. Thanks to Kelly O'Toole for organizing the First Sail-a Thon and to all who worked that day to make it a success: Paul Howle, Ron Buchannan, Mike Fehn, Evie Wilton and all the parents that were on the water giving the kids encouragement. There were 23 boats entered with 43 kids participating. Pledges totaled over \$3,300.00

Thanks to all who helped at the silent auction: Gray and Tom Payne, Dick and Jean Cole, Jay Buhl who handled the parking, and most important all those who came and SPENT MONEY!

In addition the race committee did a fine job starting and keeping track of six different classes. Thanks to Mike Karn and Stuart Burnett for organizing and writing the SSI and staying sane while trying to give ratings. Mark and Debbie Cycotte, Lud Kimbrough, and Dick Cole did a great job on the race course. Many boats new to our courses enjoyed a terrific racing experience.

We now have a few members

that are qualified short order cooks. Mike and Marcia Pleninger, Mark and Debbie Cycotte, Mike Hill, Jay Buhl and Jim Black.. However, I'm not sure they are ready to change professions. I know Randy Alley would be glad to never see a refrigerated truck full of supplies again although he could go into the agent business. You can also thank him for the great band that donated their time and service.

There is nothing I can say to praise the great job Alain Vincey did. He donated his time and expertise to provide a first class meal to 600 people.

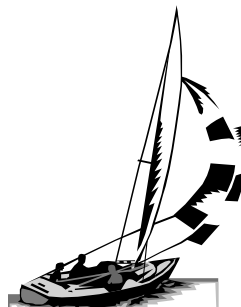

A special thanks to Jimmy Rogers and Brent Halsey for graciously donating their facility, Stingray Harbor Marina, to host our Awards Party. Having it there eased the burden on club facilities. But most importantly it made the Deltaville Community feel an important part of this event. This was truly a community effort!

I could not end this article without mentioning Roy Meyer. As you know Roy was my Co-Chair. He was the force that kept us motivated. Because of his efforts and his support of FBYC the Board recently voted to make him an Honorary Member of FBYC.

Thank you again for your efforts, you should all be very proud of your club. FBYC and it's members are one of the most generous, and, supportive group of individuals

I have ever had the privilege to be part of.

Annual Regatta great event for our Juniors!

Juniors, don't forget our (your) Annual Regatta. This is a great chance to see your friends from Junior Week, try your sailing skills again and get out on the water. (or in the water!) There will also be a dinner and music afterwards!

This is a great event for Juniors without much experience or who want to try racing because the travelling teams are at the Oxford Regatta. It's your event, come join the fun. Contact the others you met at Junior Week or the Mini Camps and make sure their coming too!

See you there!

FBYC Sailors Cruise the Turkish Coast

By Bill McCathern

Fishing Bay Yacht Club burgees were flying from the spreaders of six boats cruising the Turkish Coast this past May. The trip involved six FBYC skippers and their mostly FBYC crews and was skillfully put together by Wayland and Maggie Rennie. Approximately half of the group spent three days touring mainland Greece and the Greek island of Samos before joining the rest of the group in Kusadasi, Turkey. 21 strong, the group commenced a 21 day odyssey, touring Ephesus, Priene and Bodrum before arriving at Marmaris, where three more travelers joined the group and we picked up the boats. From Marmaris, on the Aegean Sea, we commenced an eight day sailing trip along Turkey's renowned "Turquoise Coast" to Finike, on the Mediterranean Coast with overnight stopovers at Ekinicik, Goecek, Kalkan, Kas and Kekova Roads before turning in the boats at Finike.

There are several options for sailing Turkish waters. Our group chose a "bareboat" charter where we provisioned the boats, provided crew and were more or less free to go where we wanted to go. The six boats were 42-45 feet long.

Perhaps the best reason to cruise the Aegean and Mediterranean coasts of Turkey is that they remain, for now, unspoiled. The majority of the anchorages are deserted bays and coves or beside small villages. The water is some of the cleanest and least polluted of any in the Med.

This beautiful mountainous coastline is a wild and rugged region where steep rocky mountains are

split by ravines and plummet into the sea. In ancient times, it was a coast feared by mariners and even today this coast is not a friendly one to sailors. It presents a decidedly hostile aspect from seaward, but also some of the most majestic, almost primeval scenery that you may encounter in Turkish waters.

The trip was a virtual journey back in time. Interspersed among this rugged scenery are the remains of ancient sites, attesting to Turkey's strategic position at the crossroads of the Occident and the Orient: Hellenistic and Roman theatres, baths and aqueducts, Byzantine churches richly decorated in mosaics, fortified Crusader castles, Seljuck and Ottoman Mosques, palaces and elegant harem quarters. We visited nine ruined ancient city sites, some dating back 2600 years.

The trip culminated with a three day stay in Istanbul, during which we took a boat cruise along the Bosphorus, the 20 mile long straits between the Sea of Marmara to the Black Sea which divides Europe from Asia.

Wayland and Maggie did a magnificent job organizing this and every aspect went off beautifully. One skipper was heard exclaiming, "the weather was perfect, the water aqua blue, and to walk where Saint Paul walked was just inspiring!

Bill has written a full travelogue "Turkish Odyssey 2000" complete with illustrations and maps if you'd like to learn more.

One Design News

The Summer Seabreeze Regattas sailed July 9 and 22 were notable for a number of reasons. First the dormant JY-15 Fleet came to life with 5 boats for the first event, second the Laser fleet outnumbered the Front Runners July 9 and attracted 3 relative newcomers on July 22 when they sported 9 boats without 4 regulars. Welcome Floyd Dunstan, Whitey Lipscomb and Al Smith. One notable absentee on July 22 was Brooks Zerkel, the RC chair who sets our standard of excellence for this important function. We all wish him a speedy recovery. And thank you Debbie for filling in yet one more time.

Elsewhere Anthony Kuper-smith finished first in the Hampton YC Annual Regatta over the July 4 weekend, and Alain Vincey finished 13 out of more than 50 boats in Hyannisport over the July 29-30 weekend. If he does equally well at Buzzards Bay this coming weekend I'm sure we'll hear about it

Our next major club event is the 61st Annual One Design Regatta August 12-13 immediately following the Lightning North American Women and Junior Regatta August 8-11. Never a dull moment!

One-Design Crews

Attention One-Design racers... the following Juniors have completed the Junior Week Advanced Sailing Class and are interested in crewing! Call 'em for a race soon! Wednesday Night Sailing & Dinner Update

Although the sailing part of the Wednesday night get-togethers has not been very intense, the dining has made up for it. On July 12th Chef Alain Vincey prepared wonderful racks of lamb with his special Cabernet potatoes. On the 19th we had our first theme dinner-- Italian night--it was a great success.

On the 26th there will be a barbecued chicken dinner with all the fixings. On August 2nd, Blanche

and Len Scharf and Liz and Bill Perkins are going to treat us to a Greek feast. There will not be a dinner on August 9th. August 16th Debbie and Mark Cycotte will be the hosts of Mexican night.

If you'd like to come and participate, make your reservations by email by Monday noon to scam97109@yahoo.com, or call Bob Kates at 804-776-6950.

Board Meeting Notes – con't

prepare preliminary designs at no cost to the Club. Strother presented the drawings to the Board. Discussion followed with Board members offering their opinions and recommendations. A letter proposal from Bill Newman covering seven drawings was then distributed to the Board. These seven drawings would take the project to the point where the builder can take over. Gordon Nelson moved that Bill Newman's proposal be accepted and that he be hired for the job; second by Alain Vincey; motion passed. Bev Crump and Jim Rogers will serve as a com-

mittee to solicit donations from members toward the construction of the clubhouse.

NEW BUSINESS - Gordon Nelson has received several requests from members that the problem of dogs on Club property be addressed by the Board. The "No Dogs" policy will continue.

Gordon also addressed the concern of slipholders because of the wakes being created by boats on Jackson Creek. He asked about creating a "No Wake" zone. Mike Karn agreed to check on this and will report back to the Board.

Change in Brent Halsey Jr. Memorial Trophy opens competition to all

The official name of the Labor Day regatta is the Stingray Point Regatta for the Brent Halsey Jr. Memorial Trophy. Yet to date only a portion of the competitors have been able to compete for the award on any given year because it rotated between PHRF and MORC from year to year. A change has been proposed that would open the competition to every entrant.

The winner would be the boat which has been the most competitive as measured both by the number of boats against which they have competed and the degree to which they have consistently been at or close to the top of their class. It wouldn't neces-

sarily be the winner of the largest class and provisions would be made to allow for differences in case one or more classes completed a different number of races. Once places are determined within the class the winner of each class or subdivision would be entered in a comparison against the others using a set formula.

The wording is being finalized and the formula being checked. They will be included with skippers packages and the Special Sailing Instructions which will be available at registration and perhaps published on the website. Check it out and see if it doesn't make things a bit more interesting.

SOUTHERN BAY RACING NEWS YOU CAN USE by Lynn McCarthy, Editor

SCREWPILE LIGHTHOUSE REGATTA: CONGRATULATIONS! to Brian McCauley, *Conspiracy*, and Gray Kiger, *Fatal Attraction*, each of whom took first in his class at Screwpile. 22 southern Chesapeake Bay race boats (8 from Fishing Bay) ventured up to Solomons to compete in the 8th Annual Screwpile Lighthouse Regatta. Of those who went 15 finished in the top half of their fleets. Here is a listing of the 15 and how they did (with FBYC boats in boldface)

PHRF A0: (9 boats) 1. *Fatal Attraction*, Farr 39, Gray Kiger, 1-1-1-2-2.

HOUSING NEEDED in OCT.

During October 13 - 15, FBYC will host a major national Laser championship event for skippers over 35 years of age. As in years past when the Chesapeake Bay Masters and Atlantic Coast Masters Championships were hosted by our club, we will have to rely to a great extent on the generosity of club members with cottages and cruising boats to house a large percentage of the participants that are expected to attend. And this year that number is anticipated to grow to 75 - 100 competitors, not counting family members that may decide to tag along. For those willing and able to assist in providing accommodations for this congenial group of mature and aging senior citizen sailors from across the country,

Needed: CNG Supplier

I use compressed natural gas to fuel *Drummer's* heater and stove as a safe alternative to propane. The supplier in Hampton has stopped doing business and I need to find a new supplier for this lighter than air fuel. If anyone has a supplier or a similar need please let me know.
