## **From the Quarterdeck**

by **Strother Scott, Commodore**

By the time you read this, the deadline for making reservations for Opening Day will be upon you. The March Crew Training sessions are complete. April 7 is right around the corner - Mr. Roberts ready to go and the members are getting their boats ready.

Opening Day offers several unfamiliar features besides the clear unobstructed view of Fishing Bay. Once again we will have a 2 day Opening Day Regatta scored separately from the Spring Series. An offshore skippers meeting is planned for Saturday morning at 9:30am. At 4:00pm we will have the traditional Blessing of the Fleet followed immediately by a Groundbreaking Ceremony at the new building site at 4:30pm followed by a rum tent and dinner at Fannie's House and under our new tent. While we do have permission for overflow parking on the large Richardson field east of club grounds, we hope to avoid parking there if the ground is very wet or soft. And we must avoid parking on Stull property - which includes the turn-a round just past

the club.

The Grounds Clean Up Day was a great success. Thanks to the many members who helped on March 17. I understand we have lots of freshly painted storage lockers and the grounds look great.

We had a very successful winter program at Trigon on March 23rd featuring Barboursville wines, paintings by Richmond artist Baxter Perkinson, and Gary Jobson. I understand we raised \$6,500 for the Leukemia Society. Thanks to all the participants and to Gary who had just returned from St. Maarten/St. Martin Heineken Regatta 2001 where he raced as crew on *Destiny* with Whitey Lipscomb et. al. They scored 3<sup>rd</sup> out of 17 and 5<sup>th</sup> overall in a class of 42 Cruising/Racing boats.

The 2001 booklets have all been sent to the membership. We hope you enjoy the new Green Book format. Please use the list on page 3 listing all the phone numbers of the officers and board. The newly redesigned

membership roster includes home phone numbers, e-mail addresses, and names and ages of all children, and a special Junior Member section with their phone numbers. These changes were made to help improve communications among members.

For several years we have failed to announce a competition for the Fishing Bay Challenge Bowl, which was presented in 1995 by Past Commodore Ian G. Lorimer. Each year the Commodore shall select an appropriate event or activity, which either needs a boost in participation, or is deserving of special recognition. For 2001, I have selected the Optimist as racing for the Fishing Bay Challenge Bowl and the Elimination Series shall be the FBYC One-Design Fall Series. The Fishing Bay Challenge Bowl shall be awarded to the Opti - Overall winner of the Fall Series.

See you next Saturday - and Good Luck - Have a great season.

#### FLEET CAPTAIN - Gordon Nelson

Gordon has been in touch with Paul Howle about possible dates for training aboard *Mr. Roberts* since the boat will not be in the water during MORC crew training. Gordon

and Debbie Cycotte are working on the Green Book Rules concerning insurance requirements for boats in slips.

#### OFFSHORE DIV. CDR. - Stuart Bur-

nett - Stuart discussed some of the changes in the US Sailing Rules and advised that they will not be used until next year. When asked about using the new Rules in the fall, Stuart said the earliest we could consider doing so is in the Frostbite Series.

Jim advised that the "old" starting Rules will be used for the early regattas and the "new" starting Rules may be used later in the season. There are still some openings for race committee to be filled.

Sam reported that 71 people attended the Bermuda High Party on February 23.

*Dick Cole)* - The maintenance on *Mr. Roberts* will be completed and the boat in the water by March 26. The Seacraft and the Whaler have been tuned up and will also be ready by March 26

TROPHIES - Randy Alley - Randy advised that the budget for trophies has been cut from last year's figure. He has been discussing trophies and prices with Jack Pettigrew. There is some interest in offering for sale to the membership sets of FBYC burgee design glasses.

#### CBYRA - Elizabeth Staas (reported by

*Dick Cole)* - Elizabeth is reviewing our CBYRA results for 2000 with Bob Thomas and will soon have a report. Also CBYRA will most likely be reducing the nautical mile limit from 6 to 4 for 2001 sanctioned races. Dick thinks the CBYRA High Point Awards will be given out near the end of March but he does not have a date from John Dodge.

OLD BUSINESS - Dick Cole reported that Strother has been in contact with Ron Hall and Gene Ruark and has confirmed that we can use the Fishing Bay Trace land and Gene's parking field for the Stingray Point Regatta activities.

Waddy asked who he should contact about the J-29 Regatta as that group is interested in knowing whether the dredging in Jackson Creek will be completed by their regatta. He will contact Case Whittemore.

## **Opening Day Celebration 2001**

**Saturday, April 7**

Join friends and family on Saturday, April 7th for:

Racing	11:00 am first signal
Blessing of the Fleet	4:00 pm
Groundbreaking for new Clubhouse	4:30 pm
Opening Celebration, band and rum tent	from 5:00 pm until .....
Dinner	6:00 to 7:30 pm

If you have not been to FBYC lately, you will be surprised by our new view of Fishing Bay. The old clubhouse has been torn down allowing for a great water view from most any place on club grounds. Do not delay; this view will not last long as construction on the new clubhouse begins immediately following the Blessing of the Fleet on April 7<sup>th</sup>. What a great time it is to be a member of Fishing Bay Yacht Club!

Even if you do not plan to race on opening please do not miss this historic day. At 4:00 pm sharp, we will bless the entire fleet. Immediately following the Blessing of the Fleet, The Flag Officers will hold a groundbreaking ceremony on the site of the new clubhouse. When the ceremony is over the party begins. To mark this special event, we plan to have a rum tent, a band, and a BBQ dinner overlooking the docks on Jackson Creek.

This should be a great celebration for all members of Fishing Bay Yacht Club. Please make plans to join in on the festivities on opening day. Remember, dinner reservations had to be in by March 30<sup>th</sup>.

## Junior Week for the New Millenium ... AND BEYOND... ☺

Jan Monnier

804/751-0358

jmonnier@richmond.edu

Here are the classes available for our members kids/grandkids:

1. OptiKids (sailors age 6-8) Class will be held the 2 weekends prior to Junior Week- June 9, 10, 16 & 17<sup>th</sup>. The class will be half days, and students will attend classes on all 4 days. **One parent MUST** accompany each student.

2. Beginning Opti (sailors age 9 or 10) You'll be sailing that Opti like a pro—with the help of a friend. **Two kids** in each boat will learn basic sailing skills while having FUN!

3. Intermediate Opti (sailors age 10 or 11) You've already learned the basics in the Beginning Opti Class last year. Now you're going to **sail alone!** You'll have lots of fun and learn a little more about getting the boat their first!

4. Racing Classes (sailors age 11 or over) You've completed Intermediate. You know how to get that boat going, but you want to get there **faster!** Bring your Opti, Byte, or Laser and learn from some of the best in your class. Maybe you'll join the FBYC Racing Team (you get your own T-shirt ☺) and have fun racing with other kids your age at our club, or at other clubs around the Chesapeake Bay.

5. Team Sailing Class (sailors age 12 and over; or who have completed Intermediate Sailing Class). We'll spend time **sailing with our friends** and try new stuff as a team. Members are again offering to let us use their Mobjacks for the class. We might even have more 420s. Tell your FBYC friends to meet you in the Team Sailing Class!

**PARENTS: Usual progression** in Junior Week goes like this:

1. OptiKids
2. Beginning Opti
3. Intermediate Opti,
4. then either Racing or Advanced Sailing Class

If you weren't lucky enough to start your child's sailing career at age 6, select the class which seems age and skill level appropriate (call me if you have questions). Over age 11, with no sailing experience (deprived children!), I would recommend Advanced Sailing Class—they'll learn quickly!

## Junior Week Parent Jobs—during OptiKids Weekends and Junior Week

### Many hands make the work easy!

**-Power Boat Operations** – Insure boats are refueled each day and operational.

**-T-shirt Distribution** — Insure T-shirts are distributed to the various sections on the last day of instruction for OptiKids and Junior Week.

**-Check-in** at FBYC for the “check-in” period the first morning of instruction for OptiKids. For Junior Week, “check-in” will be held the Sunday prior to the start of Junior Week and the first morning of instruction for approximately 1 hour each time. Check-in will be for the purpose of collecting medial and liability forms, and any outstanding payments.

**-Photographer** — takes ‘action shots’ of students during instruction. Make photos available to parents during the class sessions. Arrange for group photo for both OptiKids and Junior Week participants, and make available to members at their expense.

**-Social** — Coordinate and execute any social activity chosen! Acquire and insure secure distribution of daily snacks for each section.

**-Large Dingy Launching** — Responsible for launching One Design Boats loaned to the program by members for use in the Team Sailing Class. This is done before classes start each day.

**-Doctor of the Day** — (Pre-requisite: must be a doctor!) serve as Doc of the Day for one day of Junior Week or OptiKids.

**-Parent of the Day** — Carries hand held radio to communicate with each class. Familiar with phone locations at the club. Handle minor medical problems (mostly nettles or ‘windy day’ induced stomachaches☺) Contact Doc of the Day if necessary. Has access to all medical forms and liability release forms if necessary for medical evacuation of students. Contact parents if necessary.

## Junior Leadership Opportunities

---

### Summer time Junior Parent Jobs done at various times throughout the summer

**Racing Travel Team** help promote racing by our Juniors at FBYC and away regattas.. The primary goal would be to improve racing participation throughout the season and help our young sailors gain the experience necessary to continue in the sport. If your child is racing you might call the parents of friends to promote the idea of traveling to some of the other wonderful clubs around the Bay. You might travel with the kids and help out kids traveling “sans” parents. You might offer your home to the team if you have one near some of the race locations.

**Fun Sail Events** help organize parents and help them get their Optimist sailors out on the water for fun days, cruises across the Fishing Bay and mini-fun-races throughout the season. We already have two Mini-Camps on the schedule which are run by the coaches—we just need some promoters!

**Race Committee** help with Junior race committee duties throughout the year. There are 2 Junior Regattas scheduled at FBYC, and then there is the potential for Race Committee duties at each One Design racing event. It's a great way to start learning Race Committee duties—the sailors aren't as particular about the course as some of the more seasoned sailors!

### FBYC Juniors (Counselor-In-Training) CIT Program

Jan Monnier 751-0358 jmonnier@richmond.edu

Are you between 15-17 years old?

Would you like to be the “big man/woman on campus” and have all the younger kids look up to you?

Do you know everything you want to know about sailing? (Only a teenager could answer this question with a yes ☺)

Would you like to get some good job experience to build a resume for future summer jobs?

Would you like a cool instructor shirt??

Are you free the week of June 18-22, 2001?

You're in luck! I have just the job for you! Be one of the first participants in the FBYC formal CIT program. This program will help you develop some teaching skills, you will improve your knowledge of sailing (you always learn when you teach), and give you the confidence you'll need to do it all.

This is a first come, first serve opportunity. Don't miss out! Call or e-mail today. Once I know how many are interested, I will set up a training session that best fits the participants.

Hurry... don't miss out... I \_already have a few names!!!

## CLEAN UP DAY 2001 GREAT SUCCESS!

I would like to thank the over fifty FBYC members that turned out to help paint, nail, clean, rake, plant and weed. The place looks great!

The many hands made the work manageable, fun and especially effective! Special thanks to Jean Cole and June Hazlehurst for providing morning snacks and a great lunch. I think everybody had a good time. Thanks

again, see you there next year.  
Bob Kates, Grounds Chairman

Photo thanks to Buck Brewer

## Please Keep off the Grass

Even if Opening Day is your first visit to the club in 2001 you should not be surprised to find the old clubhouse gone. But as part of our grounds improvement effort we have seeded the lawn on the bay side of the old clubhouse in preparation for Junior week. We have also seeded the Richardson field (the open field beyond the turn-around just past the club) which we plan to open for parking on Memorial Day weekend. Please help us by staying off these two areas where grass is starting to grow.

## In Memoriam – Hugh McCathern

Hugh Howbert McCathern, age 31, son of FBYC members William W. and Jessie McCathern, Jr., was lost at sea on March 1, 2001, while blue hole diving and exploring the Double Drop cave system, a massive fracture/fault line cave discovered in 1999 and located offshore several miles south of Kemps Bay, South Andros Island in the Baha-

mas. Hugh was a professional diver, instructor and dive master. For the past two years, he has worked with IMAX Film Crews, and pursued cave diving, as the dive master of the M/V Ocean Explorer. Hugh is a past Junior member of FBYC. In addition to his parents, he is also survived by a sister, Ashley, and two brothers, William

Walker III and Montague. FBYC member George Wayne Anderson was his godfather. A memorial service was held at Saint Stephen's Episcopal Church on Friday, March 30. In lieu of flowers, contributions may be made to Divers Alert Network (DAN), the Peter B. Bennett Center, #6 West Colony Place, Durham, NC, 27705, or a charity of your choice.

# US Sailing Association Membership

By David Hazlehurst

Membership in US Sailing helps support a range of activities such as training and certification of Race Committees and Judges, sailing instruction and a new program "Sailing Smart". This introduces youngsters to sailing at over 700 parks and recreational outlets nationwide. This, coupled with the established Community Sailing program could help provide us new members. Jay got Boat of the Day honors on the Thursday sailing

*Fast Lane*. Look out for Jay and his J-29, *Fast Lane*.

Call 1-800-US SAIL1

## 2001-2004 Racing Rules

The new rules become effective April 1 and rule books will be mailed to USSA members currently scheduled to arrive from the printers on May 1. Those few FBYC members who attended the CCV Rules Clinic in Hampton on March 26 heard this firsthand along with a discussion on other rule changes.

The Basic Principles, Rules 1-5, have not changed but Rule 3 bears repeating.

Sportsmanship and the Rules now reads

"competitors in the sport of sailing are governed by a body of RULES that they are expected to follow AND enforce. A fundamental principle of sportsmanship is that when competitors break a rule they will promptly take a penalty or retire".

## Looking Ahead

**CRUISE TO MATHEWS YC** - Note the date has been changed to **May 12** from the earlier date noticed due to a conflict with another MYC event. We will kick off the cruising season with a short run down to MYC for dinner. There will be space at the end of the T dock to raft up and possibly individual slips. Dinner and Breakfast will be in the club house. Bring check or cash. Club sells beer & wine but you can BYOB too. Cocktail hour beginning at 5:30 on the deck. Call Jim Stalnakier with a boat and head count no later than May 5. (757) 481 6113 or email stalnakier@whro.net.

## Southern Bay Race Week to become the Black Seal Cup

The CBYRA Southern Bay Race week has a new sponsor : Gosling's Black Seal Bermuda Black Rum, so the regatta has been renamed the Black Seal Cup. The regatta will also have one central location and includes a Thursday night welcome and registration party. Dark n' Stormy, Bermuda's National Drink will be the featured refreshment. The regatta is Friday through Sunday, June 15-17 this year and will be headquartered at Hampton Yacht Club.

## Memorial Day Weekend Urbanna Regatta

Make Plans now for the Memorial Day weekend festivities. On Saturday we will have a race to Urbanna followed by the Annual Rosegill Party. Year after year, this party proves to be one of the best that the club sponsors. If you have not made it before then you have really missed some great times. This year we plan to feature a North Carolina BBQ and an excellent band to dance the night away. On Sunday we will have Round-The-Buoys- Races followed by a dinner at Rappahannock River Yacht Club in Irvington. On Monday morning RRYC will have a breakfast before the cruise back the FBYC.

This should be a great weekend for FBYC. More in the Next Log.
