

## From the Quarterdeck

Jean and I wish everyone a Happy and Prosperous New Year.

The schedule is complete and looks to be one of the more outstanding schedules we have had in many years. The Division Commanders along with their Lt. Commanders and Race Chairs are now looking for volunteers for race chairs, event and or social chairs. Scott Collins, Social Chair, is likewise doing the same. As I said in the December Log, this is a big task, so please volunteer when asked or if you have a preference, give them a call.

The new clubhouse has proven to be a great success. This year, many events such as Alain Vincy's winter programs, the Bermuda High Party and the CBYRA Region 4 Awards Party will be held at the clubhouse. You should see announcements in this and later issues and on the web site. These are great opportunities to see your friends and stay involved in your club over the winter.

The Junior Division will hold a kick off party on February 2 at Strother Scott's home. Ruthanna Jenkins will review the 2003 Junior Expanded Program and expects a large turnout

of juniors and parents. One of the new 420's will be on display. If you have not made reservations, please do so.

After one-year absence, MORC Crew Training is back. Mike Karn and Lori Moyer are planning an exciting program. This program sponsored by MORC is open to the public and FBYC members. If you are new to sailing and want to race, this is an excellent way to improve your skills and crew on a racing boat. FBYC skippers are committed to participate with crew training on their boats for the Opening Day Regatta and the Spring Series. Call Lori if you are interested.

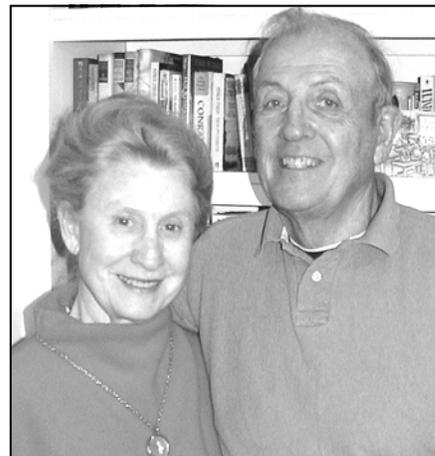

The Board looks forward to providing the membership an exciting year. See you all at the Bermuda High Party.

Happy New Year.

We'll also announce a program for the green fleet, some extra opportunities for 420 sailors, and give you the inside scoop on some very special sailing events for teen sailors. ## FBYC History exposé: Trouble in Rivah City....

### The Unpleasantness of 1958-59

Jere Dennison

Yes, fellow members, beneath the veneer of a modest sailing club with a successful racing program that grew and flourished throughout the decades of the 40's and 50's, there also lurked a sinister side in that age of innocence that has long been repressed in our collective subconsciousness. Now, the unpleasant truth will finally be retold...

But the stage must first be set. While FBYC was known for its competitive sailing events and its coterie of skilled racing skippers, it also gained notoriety for its spirited after-race parties with live entertainment where alcoholic beverages flowed freely into the wee hours of the morning. The August 1959 *Log* proclaimed that "if the past twenty years are anything to judge by, there may be a bit of merriment in the clubhouse on Saturday night of the Regatta. In the interest of clear eyed (or at least a bit more clear eyed) competition on the starting line on Sunday morning, the revelry will cease at 1:30 Sunday morning."

This was also the era when Rock and Roll was ascendant, with bands and combos catering to the frenzied musical tastes of the burgeoning teenager class of War Babies and Baby Boomers who were entering their prime reveling years. And with youthful testosterone on the rise, fights often erupted. Along with an unprecedented amount of media coverage of its sailing events in the Richmond newspapers, the Club also received an inordinate amount of coverage on the society pages as well.

This publicity may have attracted the attention of some misguided youths, neither members nor guests, who gravitated toward the Club solely for its bacchanalian atmosphere. FBYC was fast making its name as the place to be and be seen, particularly during the Annual Regatta weekend in August when the biggest party blowout of the year would occur.

In the Spring 1959 *Log*, an article ominously entitled *Law and Order* cited that during the summer of 1958 "a number of complaints were lodged with the ABC Board and Middlesex County Sheriff concerning rowdyism at night in the clubhouse and on the grounds of the club, minors drinking beer and other alcoholic beverages, and violation of the club's ABC License by consumption of alcoholic beverages outside of the area designated for this purpose." The *Log* was pleased to report "that no further trouble developed and it is hoped that no complaints will be received this year." How misplaced this hope turned out to be!

In August 1959, the Fishing Bay Yacht Club proudly hosted its 20<sup>th</sup> Annual Regatta, a cause for celebration and jubilation that careened out of control. The Sheriff of Middlesex County made several visits to the club on the nights of August 21 and 22 to restore order. Peter Roughton, 1959 and 60 Past Commodore, recalls the disturbances being initiated by members of a high school football team (ultimately determined to be Thomas Jefferson HS) that showed up in

(Continued on page 6)

*(Continued from page 5)*

mass to crash the party. He also recalls that one of the football players had his leg broken during a donnybrook that took place later in the evening when the young crowd moved up Stove Point to extend the festivities. Sheriff Shelby was unable to get out of his car on one occasion because he feared for his life. The author (who, as just a young lad, vigorously asserts his innocence during these shameful events) recalls eyewitness accounts of how the Sheriff's car was subjected to the battering of whisky bottles during the fracas. What occurred resembled more a riot than a party.

An abridged version of an article from the *Richmond Times-Dispatch* of Thursday, October 15, 1959, about the incident appears below:

### **Middlesex Sheriff Raps Conduct at Yacht Club**

**Middlesex County Sheriff C. M. Selby, in informal statements before the County's board of supervisors complained Wednesday of what he described as intoxication and misconduct at the Fishing Bay Yacht Club. The supervisors several months ago had granted his request for appointment of a special officer to aid in preventing rowdyism in the area, but subsequently withdrew their authorization. They took no action after his remarks Wednesday.**

**The Commodore of the club, Peter Roughton, asked Wednesday night for comment on the sheriff's remarks, said a gang of "young hoodlums" from Richmond had made unauthorized visits to the club last August and had caused trouble. He added that the club was working to prevent similar disturbances and was cooperating with Sheriff Selby.**

**Selby told the supervisors that the club was a scene of disorder, fights, and drunkenness on several weekends during recent months. Many teenagers were among those involved in fights and other misconduct during a sailing regatta at the club in August, he declared.**

**The Sheriff said the club had awarded the 16 year-old winner of a boat race a fifth of whisky. Called by club officials to restore order on one occasion, he said he was unable to do so. "They (those causing the disturbances) just surrounded my car and dared me to come out," he said.**

**Roughton said a gang of youths – "20 or 30 of them" – invaded the club property during a late August regatta and caused a disturbance. Officials called for aid and Selby came to the club, he said. Roughton said former club official, Roger Moorman of Gloucester, was working on a plan to prevent disturbances to keep a check on the presence of unauthorized persons.**

**Moorman said rules recently adopted "will require each member to wear an identification button when he visits the club, and a guest register will be strictly maintained." He added that a bottle of whiskey had been awarded to a minor but that officials hadn't known the youth was under age."**

Changes wrought by these "unhappy events" were sweeping. The post of Security Officer was created on the Board of Trustees, and a Security Committee was formed. Raymond M. Munsch, who later became Commodore, was chosen as the first Security Officer to lead the Club out of its embarrassing predicament. The work of the Security Committee culminated in the institution of new rules, regulations, and procedures governing the operation of the Club:

**IN MEMORIAM**

**ELEANOR W. ROBERTS**

Eleanor W. Roberts, 89, of 1600 Westbrook Avenue, #HCC 216, Richmond, VA 23227, died December 14, 2002. Her husband, William C.B. Roberts, known by many Fishing Bay Yacht Club members as "Mr. Roberts", preceded her in death. When Fishing Bay Yacht Club was first moved to Deltaville in 1949, Mr. Roberts asked if he could bring his tractor to the club and help construct the ramp. He stayed on to serve as Club Manager for approximately 30 years (without pay for many years). Because of his dedication to Fishing Bay's junior program, some Club members presented the Roberts Bowl in 1962 to be awarded annually to the member of the junior program showing the most interest in sailing. Mr. Roberts was presented with the Matthew Fontaine Maury Bowl in 1978 for his outstanding contributions to Fishing Bay Yacht Club. He died in March 1980; and in May 1984, the Board of Trustees named Mrs. Eleanor W. Roberts an Honorary Life member. Her funeral service was held at Clarksbury United Methodist Church on December 16. In lieu of flowers, contributions may be made to Clarksbury United Methodist Church, P.O. Box 10, Hardyville, VA 23070.

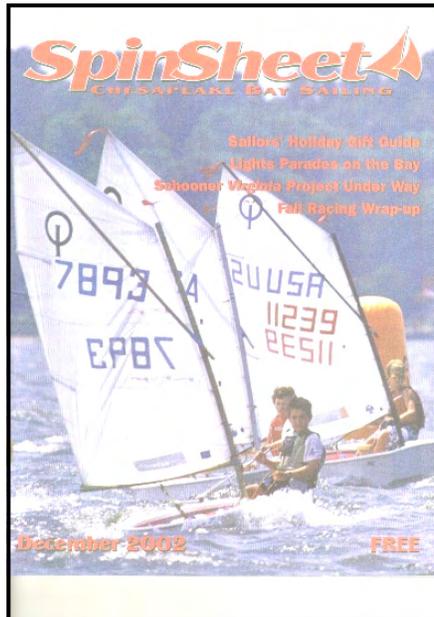

**REQUIESCAT IN PACE**

(Continued from page 6)

- Gates with locks were installed on entrances to the grounds.
- Security guards were hired for the sailing season.
- Special badges were issued for members and guests of members to be worn at all times on club grounds.
- Stickers were issued to members to be affixed to cars parking on club grounds.
- Members were required to assume full responsibility for the actions of their guests and Junior members.
- Associate and Junior Members and Guests between the ages of 10 and 21 were permitted to attend regatta parties only if accompanied by a parent or host.
- Parties were toned down, and musical entertainment restricted.

While these efforts were successful in curtailing disorderly conduct at future club events, in the opinion of your author, it was many years before parties approached the level of "merriment" that had characterized events during the 1950's. However, we should all be grateful that the riotous behavior of 1958 and

'59 has not since been repeated to tarnish the reputation of the Fishing Bay Yacht Club.

**Sailing Events for 2003-  
and increasing participation...  
David Hazlehurst**

The 2003 sailing program calendar will be presented at the Board's January meeting. The Sailing Events Committee is now seeking to increase participation in sailing activities. Some ideas are,

- ⇒ post lists of crew candidates on the web,
- ⇒ have Fleet Captains contact all owners for their respective classes,
- ⇒ encourage One Design sailors to sail with newcomers to Off-shore racing,
- ⇒ provide training opportunities throughout the summer for adults, using the Junior Coaches.

And for 2003 we will again have Crew Training sponsored by the MORC class that has been so successful in providing crew for Off-shore boats and in bringing younger new members into the club.

We will also involve our new members in race activities. Besides providing new members an opportunity to meet their commitment to two days of duty at the club each year, this introduction could en-

## Please Join Our Mailing Lists

R. Strother Scott - Webmaster

For several years now Mary Spencer has sent informative and well-received e-mails to all members on matters of general interest.

Last year we introduced several mailing lists (Offshore Racing, Junior Racing, Flying Scots, & Mobjacks) so fleet captains and others could communicate with the people on those lists. So, for instance, if the junior coach needs to reach all the racing juniors, he can send one e-mail to [juniorracing@fbyc.net](mailto:juniorracing@fbyc.net) and it automatically goes to all 89 people on the list - after it is reviewed by the moderator to make sure it is "appropriate" and not "spam".

The Board recently resolved that the mailing list capability worked pretty well so they have asked that

we expand the capability. We now have created lists suited for all classes of Offshore, One Design and Cruising classes, the Juniors, the people who wish to hear about the Wednesday night dinners and even an attempt to generate of list of people who are available to crew.

Please join the lists which interest you by going to the web site - [www.fbyc.net](http://www.fbyc.net) and then select **Club** and then **Mailing Lists** and you will be at [fbyc.net/club/mail](http://fbyc.net/club/mail) where you will see all the available lists. In the 4<sup>th</sup> column you will see a link to **Join List**. Just click on **Join List** and it will open up your e-mail with a blank e-mail to **listname-subscribe**. Send the *blank* e-mail. You will shortly receive an e-mail to confirm that you want to join up. Just reply to it; and you are then welcomed to the list. If you later wish to unsubscribe, just follow the **Quit** link.

*Non-members* may also join these

lists. We hope that [iwanttosail@fbyc.net](mailto:iwanttosail@fbyc.net) will be filled up with people available to crew on your boats.
